

WINTER 2026

News from TRICOM

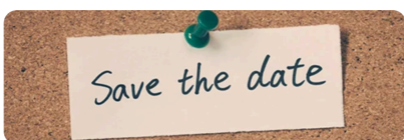

Year-End Updates and Changes for 2026

The holidays have passed, a new year is here, and tax and legislative updates are on the horizon. This time of year is hectic, and it can be hard to keep up with all the changes that may impact your staffing company.

We've assembled a list of changes, charts, and resources, as well as tax tools that can help you plan and prepare for the year ahead. We'll continue to make updates as we receive them, but in the meantime, we invite you to review the host of changes coming in 2026.

The TRICOM Client Conference is Back in 2026!

Mark your calendars for October 7 - 8, 2026! The TRICOM Client Conference will be held at The Westin Milwaukee, located in the heart of downtown. This year's theme is **Ignite the Future: Building Momentum for Success**. We are bringing together the best and brightest from the staffing industry to share their insights and expertise on the current state of staffing and strategies for positioning your staffing company for success. Of course, we'll be sure to have a bit of fun as well. Watch for more details in the coming months!

Spotlight on Simple

Part of being a good resource for our clients means partnering with other organizations we feel share our values. One such company is Simple.

Simple is an all-in-one contingent workforce management platform that combines real-time data, automated workflows, and vendor-friendly collaboration in an intuitive interface. It optimizes critical processes, including job requisitions, timekeeping, invoicing, and reporting, while providing complete visibility, actionable insights, and transparent data for better decision-making – all at no additional cost.

The platform features robust compliance and risk management tools that help companies effortlessly mitigate co-employment risks and ensure regulatory compliance by empowering staffing agencies with a seamless and transparent solution. Simple strengthens partnerships between agencies and their clients, while maximizing operational efficiency throughout the contingent workforce ecosystem.
